Order Sheet IGL Labor – Precision Epigenetic Diagnostics

as of January 2024

Epigenetic Studies

- ☐ DNA Adduct (see note 1) EDTA | € 160,87

Mitochondrial Studies

- ☐ Cardiolipin Studies, Oxidative Phosphorylation Serum | € 108,59
☐ Mitochondrial Membrane Potential EDTA | € 108,59
☐ Mitochondrial Membrane Translocators (TL) EDTA | € 142,42

CFS Examination

- ☐ CFS – Standard Profile 2x PAXgene®, 1x EDTA | € 320,08
 Total Toxicology, Mitochondria
☐ ATP Profile (see note 2) PAXgene® | € 186,03
☐ Cell-free DNA (see note 2) PAXgene® | € 73,72
☐ NAD (Vitamine B3), red cells EDTA | € 60,33

Detoxification Systems

- ☐ GST Profile, Glutathione & -S-Transferase Studies EDTA | € 191,02
☐ Metallothionein (cytoplasm proteins) 3x EDTA | € 91,69
☐ SODase Activity & Gene Examination (see note 1) Serum | € 144,79

Homeostasis

- ☐ Intracellular Bases Buffer Capacity, pH EDTA | € 90,12
☐ L-Carnitine Serum | € 60,32

Nutrition & Health

- ☐ Fructose Examination Serum | € 227,95
☐ NMI – Food Assimilations Intolerances Serum | € 234,58

iEC-Profiles – Cellular Toxin Examination

- intracellular Electrical Capacity - in Lymphocytes

iEC – Examination of Substances of diverse Groups

- ☐ iEC – 12 Standard Substances 3x EDTA | € 91,69
☐ iEC – 24 Standard Substances 3x EDTA | € 183,37

See back page for information on 12/24 standard substances.

- ☐ iEC – Individual Substances 3x EDTA

Prices for individual substances:

01-12 Individual Substances € 103,15
 13-24 Individual Substances € 206,30
 25-36 Individual Substances € 309,45
 37-48 Individual Substances € 412,60 etc.

For the selection of individual substances, please use our iEC selection tool at igl-labor.de in section Service -> Online-Services.

iEC – Examination of Grouped Substances

3x EDTA |

Information on substances, please see iEC Information each € 183,37 Sheet at igl-labor.de in section Service -> Downloads.

¹ All senders need to complete the declaration of consent according to GenDG on the back page.

² For the examination of ATP Profile and cell-free DNA please order the Epigenetic Diagnostic Kit with PAXgene® tubes at info@igl-labor.de.

Please note and sign!

With my signature I confirm my consent for the requested examinations. I want to make use of the marked services provided by IGL Labor GmbH. My physician/therapist informed me about the costs for the marked services. Please find our General Terms and Conditions (GTC) at igl-labor.de. For payment by credit card (VISA, MasterCard), please see Credit Card Authorization Form at igl-labor.de in section Service -> Downloads. IGL Labor GmbH charges **€ 20.00 (incl. diagnosis fee)** for payment by credit card.

With my signature I give my consent that the results may be released anonymously for research purposes. I acknowledge that the samples will be disposed of by the laboratory 14 days after receipt at the latest.

Please note:

1. The indicated prices will be invoiced plus a diagnosis fee of **€ 7.70** per order.
2. A fee of **€ 28.00** per order will be charged for the Epigenetic Diagnostic Kit.
International shipping of the Epigenetic Diagnostic Kit may arise additional costs, please contact us.
Any customs fees incurred are to be borne by the recipient.

Detailed Information on iEC – Standard Substances:

iEC – 12 Standard Substances:

Aflatoxin B1, Aluminium, Antimony, Cadmium, Chromium VI, Formaldehyde, Fumonisin B1, Fungisterol A, Lead, Mercury inorganic, Mercury organic (group), Nickel

iEC – 24 Standard Substances:

12 Standard Substances plus Benzoquinone, Cetyltrimethylammonium -bromid (CTABr), Chlorotoluene, Diesel Exhaust Gases, Bisphenol A (BPA), Glyphosate/AMPA, Lindane & Isomeres, Nitrosamine, Organophosphates, Phthalates (group), Polybrominated Biphenyl (PBB), Triclosan

Diagnosis, Special Issues, Preliminary Findings

Note: Findings are in English and are only sent to doctors via the IGL Customer Center!

Declaration of Consent under the German Genetic Diagnostics Act (GenDG)

For the analysis of **DNA Adducts** and **SODase Activity & Gene Examination** the **completed and signed declaration of consent is an unconditional requirement**.

Patient Name

Patient Date of Birth

I was informed by my attending physician about the purpose, nature, possibilities and limits of the examination in my particular case.

☐ Yes ☐ No

I agree to the collection of a blood sample and the performance of the genetic diagnostics and have the right to revoke my consent at any time in written form. I have been granted an adequate time to consider and have no further questions at this time.

☐ Yes ☐ No

I agree that any remaining sample material may be stored for later verification of the results, subsequent demands by my physician as well as quality assurance (control sample) and any further diagnostic examinations (not specifically marked) until I revoke my consent.

☐ Yes ☐ No

I agree that possibly collected data / results can be used in anonymous form for purposes of teaching and training as well as for scientific purposes for the research of epigenetics.

☐ Yes ☐ No

I agree that the test results of the examination can be transmitted by my attending physician to a further attending physician.

☐ Yes ☐ No

I know that the test results are exclusively handed over / transmitted to my attending physician by the IGL Laboratory.
